VOICE STUDIO

Complete Recording Bundle with Studio Condenser Mic, Tube Preamp with 16 Preamp Voicings and USB/Audio Interface

- Everything you need for studio quality recordings of microphone, instrument, line-level and podcasting
- Get an audiophile quality recording "out of the box" including C-1 condenser microphone and MIC500USB vacuum tube preamp
- Professional, large-diaphragm condenser microphone for unsurpassed audio quality
- Cardioid pickup pattern for outstanding sound source separation and feedback rejection
- Audiophile Vacuum Tube Preamplifier with Preamp Modeling Technology and USB/Audio Interface
- Ultra-flexible Preamp Modeling allows you to optimize your recordings
- Choose between 16 preamp voicings designed for electric and acoustic guitars, keyboards, bass guitars, drums, vocals and more
- Built-in USB/Audio Interface to connect directly to your computer.
- Powerful Phones output with Level control and Direct Monitor select
- Sophisticated output limiter prevents the output signal from clipping
- Dedicated low cut filter eliminates unwanted noise, e.g. floor rumble

Looking for the ideal way to express yourself? The VOICE STUDIO bundle has everything you need to make high-quality recordings, produce your own music and home recordings! Included in this incredible recording bundle you'll find a MIC500USB vacuum tube preamp with USB audio interface and a studio-grade C-1 condenser microphone. Just add your favorite DAW and you'll be up and running in mere moments – right out-of-the-box!

TUBE ULTRAGAIN MIC500USB

Tubes can really warm up a signal fast, giving it depth and character. Though transistors have succeeded the technology, many musicians agree that tubes deliver a far superior sound. The TUBE ULTRAGAIN MIC500USB's hand-selected 12AX7 vacuum tube gives everything from microphones to acoustic or bass guitars that vintage tube vibe – in a dependable and ultra-affordable package. Thanks to the MIC500USB's built-in USB audio interface, you can connect directly to your PC or Mac computer via a single USB cable. Now any signal source you connect to the MIC500USB can be recorded directly to your hard drive.

Recording Packages

VOICE STUDIO

Complete Recording Bundle with
Studio Condenser Mic, Tube Preamplifier with
16 Preamp Voicings and USB/Audio Interface
